

**PEDIGREE CONSULTANT, LES BRINSFIELD'S CHOICES  
TO BREED TO BOYS AT TOSCONOVA**

Below is a list of stallions whose daughters are believed to be the best choices to be bred to **BOYS AT TOSCONOVA**.

These lists were prepared by Les Brinsfield, President of Brinsfield & Associates, Inc., a company formed in July 1983. Les designed, wrote and marketed pioneering pc software and database for use in pedigree research for thoroughbred horses. He is also the Consultant to US EPA Sample Management Office. Les was also instrumental in designing matings to help Saint Ballado and Distorted Humor find success as stallions.

The second list below is a list of future prospective stallions who have no three year old fillies at this time, but whose pedigree would make their daughters good candidates to breed to **BOYS AT TOSCONOVA**.

**A NOTE FROM MR. BRINSFIELD .....**

I believe that Empire Maker and Discreet Cat are best for first crop. Discreetly Mine is prime too as soon as his progeny are old enough.

Any La Troienne and any son of A.P. Indy will do for sure.

A mare with Seattle Slew deeper in her pedigree will do regardless of what else is there.

Any strain of Private Account/Personal Account should be explosive as well.
